

## ABOUT THE IUC

The Inter-University Centre Dubrovnik is an independent centre for advanced study, grounded in its international network of partner universities. The mission of the IUC is promotion and implementation of international cooperation in the academic community as well as network building for peaceful co-existence and pluralism regionally and worldwide.

Since its foundation the main practice of the IUC was and is the organisation of different sorts of courses and conferences within the broad spectrum of scientific disciplines. Each course and conference is provided by scientific staff from multiple countries. In doing so, the IUC Dubrovnik takes pride in bringing together scholars and students from different countries, cultures and academic disciplines to advanced research and higher education programmes. In its activities, the IUC Dubrovnik maintains high standards of scientific quality, and provides an open space for critical thinking and innovation.

The IUC emphasises and supports attention for inter-disciplinary and cross - national collaboration on global challenges such as peace, human universal values and rights, health, education, poverty and climate, encouraging, in addition to East-West collaboration also new North-South initiatives. The IUC also stimulates development of research activities, in particular related to the courses and conferences within the programme and contributes to connecting leading international partner universities to regional academic institutions.

In order to be as inclusive as possible the IUC is running the South-East European Scholarship fund with which it supports students and staff members from the region, who are lacking other means of support. More on this fund with the link to donate at <https://iuc.hr/scholarships/iuc-support>.

In recent years, faced with COVID pandemic, the IUC has been organising hybrid and online programmes and has made some of the lectures available to the wider academic and general public. Online lectures can be searched by fields of study, author or title and found on the web site <https://iuc.hr/online-lectures>.

Additionally, the Working Paper Series are presenting outcomes of IUC activities. - <https://iuc.hr/iuc-working-paper-series>.

The Centre is also involved as a partner in the WITEA-ID EU project on digital internationalisation.

New partners are most welcome! If you would like your university to strengthen its international contacts through the IUC network, please visit the page: <https://iuc.hr/about/how-to-become-a-member>.

## ACKNOWLEDGEMENT

We are grateful to all that are supporting Inter-University Centre Dubrovnik. University of Zagreb is securing the logistical infrastructure while member institutions support the operation with membership fees. The Croatian Ministry of Science and Education is offering the support for operation and scholarships, while many other foundations such as German DAAD support participants of IUC programmes. Support has been received from many foreign Embassies in Croatia, such as American, British, Swiss, Dutch, Norwegian and Indian Embassies. Special thanks also go to OSF, London. Finally, thanks are expressed to all course directors and home institutions of participants for securing funds for the IUC programmes.
